

“We couldn’t do it without them!” Our Wycliffe members are very thankful for the faithfulness of their prayer and financial partners. Because of the involvement of people like you, the goal of worldwide Bible translation is moving forward. The dedication of every Wycliffe member and every financial partner is critical to the call to reach the remaining 3,000 language groups who still need God’s Word in their

heart language. To realize Vision 2025—Scripture translation in progress through partnership for every language group that needs it by the year 2025—a team effort, under God’s direction, is clearly necessary. You are an integral part of the team! Thank you for partnering with our colleagues in this great work. We couldn’t do it without you.

Serving together,

Bob Creson

Santa Teresa Cora translation Program

The Roths are thankful to have 32 percent of the New Testament consultant checked with the remainder in draft form. Their assignment is with the Cora people of Santa Teresa in Nayarit, Mexico. Since 1992, they have established key relationships with the people in this remote village which is extremely closed to outsiders. In the next three years they plan to finish consultant checking and village testing the New Testament, and to prepare it for publication.
